Charts

Charts

To help users visualize data and gain insights from it without the need for manual coding.

Step 1: Click on Charts

← Admin Test Users > Testing Form

Records   Fields Mapping   Automation   Customise UI   Share Form   Settings

⊕ Add Record   **▤ Import Data**   **▼ Filter Data**   **◕ Charts**   **⟳ Refresh**

Download All Attachment   Duplicate Record   Multirecord Update   🗑 Delete
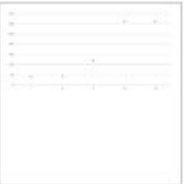

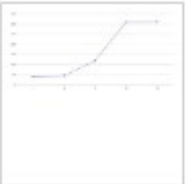

Step 2: Select the type of chart

Select Chart

Confirm   Close

Step 3: Enter the required details

Select Chart

Title: Chart   Type: Select

Condition

| text Field Input | Equal | Enter value here | + |

Confirm   Close

Type:

1. X/Y: Assigning field values to either the X or Y axis of the chart.

2. 1 column auto group count: This groups up all the same items and show a representation of the distribution of the field values across the form.

3. Date Auto Calculation: This allows the above result in 2. to be further categorized by date.

4. Multiple Column Total Sum: This will sum up all the records for each date.

Condition:

This will allow the user to control what is being used to generate the chart.
